

## **Attention! Watch out for bike thieves!**

### **An information service by the police**

Please note the brand, the model and serial number on the frame of your bike before you arrive and take this note with you to the event!

Never leave your bike unattended! Leaving your bike unattended even within a few meters does not protect from theft.

If you have to leave your bike behind – even for a few minutes – in order to pick up your racing number or to use the restrooms be sure to lock the bike or hand it over to someone you trust.

Make sure that your bike is also locked with a bike lock when leaving it in the car or on the roof rack

However be aware that a regular bike lock is in most cases not sufficient enough against theft.

Cover your bike with a blanket when leaving it in the car.

Never keep your bike in the car or on the roof rack overnight – leave it only in locked rooms or storages.

Basements, garages or sheds which are accessible from the outside should be equipped with an additional safety lock.

It is better to store your bike in your hotel room or even in your camper.

Be aware that you may be observed by someone when storing your bike. If you notice any suspicious-looking persons or vans please call immediately this number: 0043-59133/4102 or contact the police.

The police station in Bad Griesbach is located at the Obere Marktstraße 5 in the building of the Raiffeisenbank, right next to the starting/finishing area of the Trophy
