

# salzkammergut trophy

Austria's biggest mountainbike marathon

## **Salzkammergut Trophy from July 16 – 18, 2021**

### **A Ride to Hell and back!**

**Since more than two decades the Salzkammergut Trophy is the unchallenged annual seasonal highlight among myriads Mountain Bike fans!**

The 24<sup>th</sup> edition of Austria's biggest bike marathon takes place on July 17, 2021 and preparations are running already at full speed. Seven different marathon distances at the Salzkammergut Trophy in Bad Goisern guarantee the perfect track for every mountain biker. In addition to "ride to hell and back" extreme distance with more than 210 backbreaking kilometers, courses with more than 22, 37, 53, 76 or 119 kilometers as well as the technically challenging All-Mountain contest with 56 kilometers are waiting to be tackled.

Besides the MTB marathon, a 22 km unicycle marathon, the Bosch eMTB-Trophy plus the Gravel contest will be part again of this large-scale race event.

On Sunday July 18<sup>th</sup> we are more than happy to stage the SCOTT Junior Trophy at the BikeArena Obertraun. Kids and teens born between 2005 and 2016 (age groups U7 – U 17) may participate in what has become meanwhile Austria's biggest Junior Race.

Again, the popular Trophy Jersey in a new, cool design and trendy colors is waiting for each participant.

### **Together instead of Lone Fighters:**

#### **Fire fighters championship, company and team ratings!**

The Salzkammergut Trophy offers many opportunities to join as a team with colleagues, club members and friends!

Under the motto „**Fit for Firefighting**“ **MTB-fervent fire fighters** may compete on all seven courses either in a single or in a team of three rating.

For **municipal employees, officials or mayors**, the 22 and 37 kilometers course offers in each case an Upper Austrian respectively an Austrian single as well as team rating. Companies based in **Upper Austria** may register for the **VKB-Business-Trophy**.

In the **team rating**, on the other hand, sports clubs, cycling teams, or any other regulars are going to be rated as a team if at least three team members reach the finishing line over the same distance.

A real specialty is the **Slow-Motion-Rating**. Teams with 10 or more bikers are automatically participating in this rating – in which the times of all team members will be added up. Those teams being the slowest respectively taking the longest time in total, will win the best prizes!

### **Bike Expo and Bosch eBikeFestival!**

A Bike Expo is planned again on Friday July 16<sup>th</sup> & Saturday July 17<sup>th</sup> presenting the latest development within the mountain bike sport scene.

Check out special deals and sweepstakes offered at the many expo stands, so shop on spot from technical equipment to trendy cycling outfits. Test the best at the Bosch eBikeFestival – offering numerous e-mountain bikes of various makes. The e-bikes may be tried out either on a sign-posted trial track or as part of a guided eMTB tour by local experts.

### **Trophy Individual and Autumn MTB Marathon!**

Beside the traditional Trophy weekend in mid July, Bad Goisern will host again a small marathon with two different distances in the fall (Sunday, October 10<sup>th</sup>). And due to the great success, an individual participation at Salzkammergut Trophy from beginning of June until end of October is also being planned again – whereas with this mix of MTB race and tour only the uphill timing will be rated. Therefore enjoy the down hills at your pace and make sure to stop at one of the numerous cottages along the sections or simply indulge nature and the breathtaking landscape of the UNESCO World Heritage Region Hallstatt Dachstein/Salzkammergut.

## **Register NOW !**

For registration to all competitions as well as any updates please see [www.trophy.at](http://www.trophy.at)
